Residential Construction Performance Guidelines

Instructor: Tom Gotschall

Residential construction performance guidelines is the most widely used recommendation by the home building and remodeling industry on how homes should perform during the warranty period. This course explains the why and the how to help builders and remodelers manage customer expectations and resolve customer complaints, while delivering high-performance homes.

CEU: 3

12:30 pm – 2:30 pm

Taming the Crazy Client: Practical Lessons in Alabama Construction Law

Instructor: Joe Leavens

This course will provide lessons and practical advice for builders when dealing with customers and subcontractors within the parameters of Alabama law. Topics covered include: contract provisions, ensuring payment, common construction mistakes and how to avoid them.

CEU: 2

3:00 pm – 4:00 pm

Risk Management: Protect Your Business

Instructor: Todd Johnson

Insurance 101 for business owners and industry professionals. This class covers the basics of what owners and industry professionals need to consider while making sure that they have the coverage they need on the job. It examines vehicle and equipment coverage, safety, worker's compensation, bonding, and other important issues.

CEU: 1

Person attending the class must be the License holder of the Designated Qualifying Representative (DQR).
